

CIMC ENRIC

EQUIGAS AND CIMC-ENRIC JOIN FORCES IN NORTH AMERICA

In an effort to provide our customers with a complete cryogenic solution, EQUIGAS, is proud to announce that we are now a North American stocking distributor for CIMC-ENRIC's Cryogenic Bulk Tanks.

CIMC ENRIC products are sold in over 150 countries worldwide and is one of the largest and most respected cryogenic tank suppliers to the global Industrial Gas industry. CIMCENRIC has six large state of the art factories in China that produce the full value chain of cryogenic storage and transport equipment. Products are built to meet or exceed virtually every global code and quality specification, such as ASME for the US market. David Barr – CIMC ENRIC's Vice President in North America remarked "CIMC ENRIC is excited to work with Equigas to bring our line of cryogenic bulk storage tanks to the USA. EQUIGAS's superior customer service and reputation perfectly match CIMC ENRIC's customer driven focus to the customer."

Since 1985, EQUIGAS, has provided the right stock and the right solution to satisfy the market's needs, with three key locations in the Americas. We will be storing CIMC-ENRIC's Super Insulated Cryogenic Bulk Tanks in Greensboro North Carolina, beginning with tank sizes from 1,500 Gal to 9,000 Gal. For tanks ranging from 9,000 Gal up to 100,000 Gal, EQUIGAS and CIMC-ENRIC will offer a made to order solution. Rafael Arvelo – EQUIGAS's General Manager stated, "We offer nothing but the best quality products and CIMC ENRIC will perfectly complement our portfolio of cryogenic products with their impeccable quality and their amazing capacity to turn around projects with the best of lead times".

We answer the phone, we listen, and we deliver! We are pleased to be extending this service to meet your bulk tank requirements.
